Pierre Delvenne

PRESENTATION

FNRS Research Associate.

Associate Director at SPIRAL Research Centre, University of Liège ; Director of the research unit in Science and Technology Studies.

Founding member of the Belgian Network for Science and Technology Studies

PhD in Political and Social Sciences at the Political Science Department of the University of Liège.

POSITIONS

October 2014- present

FNRS Research Associate, University of Liège, Belgium, SPIRAL Research Centre

Research project : The Co-Production of New Technologies and Politico Economic Orders: the Domains of Biotechnologies and 3D Printing.

October 2010 – October 2014

FNRS Postdoctoral Fellow – University of Liège, Belgium

Research project : The next steps : governance challenges to modern science and innovation regimes in Europe and Latin America

EDUCATION

October 2006- October 2010

FNRS PhD student, Political and Social Science – University of Liège, Belgium

Title : The Parliamentary Technology Assessment Case Studies. Reflexive Modernization and Public Decision-Making.

Jury : Prof. S. Brunet (Université de Liège, thesis advisor), Dr. Philippe Busquin (former European commissioner for Research and President of STOA), Prof. Marc Jacquemain (Université de Liège), Prof. Simon Joss (University of Westminster), Prof. Arie Rip (Universiteit Twente), Prof. Gérard Valenduc (Facultés de Namur).

2005-2006

Master's of Arts (one-year "DEA") in International Relations and European Integration – University of Liège, Belgium

Thesis: « La réforme du Conseil de sécurité de l'ONU: nécessaire mais impossible? »

Advisor : Prof. S. PETERMANN

Mention: Highest honours (Grande Distinction)

February 2006 – June 2006

Erasmus program – Universidad Complutense de Madrid, Spain

2003-2005

Licences en Sciences Politiques – University of Liège, Belgium

2nd year, mention: Jury's Congratulations (La Plus Grande Distinction)

Thesis : « Les Technology Assessment en question : analyse comparative »

Advisor: Prof. S. Brunet

1st year, mention: High honours (Distinction).

2001-2003

Candidatures en Sciences Politiques – University of Liège, Belgium

2nd year, mention: High honours (Distinction).

1st year, mention: High honours (Distinction).

MAIN RESEARCH INTERESTS

- Political economy of science and technology (bioeconomy, new manufacturing economy)
- Technology Assessment
- Science, Technology & Society
- Science, technology, innovation (STI) policies
- STI Governance in Europe and Latin America
- Participatory and deliberative methods
- Agricultural biotechnologies (including regulation)
- Multiple modernities and reflexive modernization

DIRECTION AND COORDINATION OF RESEARCH PROJECTS

July 2014 – July 2018

Projet Innovation sociale « Germaine Tillion », Région Wallonne de Belgique
Project title: Innovation sociale par le Living Lab (INSOLL). *Co-direction of the research project.*

Scientific Partners : Centre de recherches SPIRAL, Facultés Universitaires de Namur (FUNDP, CITA).

Industrial Partners : Centre d'Innovation Médicale (SCINNAMIC), Labage, Nomics.

July 2014 – July 2018

Fonds National de la Recherche Scientifique (FNRS), Fonds de Recherche Fondamentale Collective (PDR)

Project title: Governmentality of Genomic Information and Health. *Co-direction of the research project.*

Partners : Centre de recherches SPIRAL, Unité de Philosophie politique (Dr. Florence Caeymaex), GIGA (Prof. Dr. Michel Georges).

May 2012 – May 2016

Fonds de Recherche Fondamentale Collective (FRFC), projet Technology Assessment & Science, Technology and Innovation (TASTI)

Project title: Re-contextualisation socio-politique des processus de Technology Assessment en Flandre et en Wallonie. *Co-direction of the research project.*

Partners : Université de Liège (SPIRAL), Facultés Universitaires de Namur (FUNDP, CITA).

April 2011 – April 2015

European Commission — Mobilisation and Mutual Learning Action Plan (FP7)

Project title: Parliaments and Civil Society in Technology Assessment (PACITA). *Direction of the research project for SPIRAL.*

Partners : Teknologiraadet – The Danish Board of Technology (DBT), Karlsruhe Institute of Technology (KIT), Royal Netherlands Academy of Arts and Sciences – Rathenau Institute (KNAW-RI), The Norwegian Board of Technology (NBT), Institute of Technology Assessment of the Austrian Academy of Sciences (OeAW-ITA), Applied Research and Communications Fund (ARC Fund, Bulgaria), Institute of Technology Chemistry and Biology (ITQB, Portugal), Institute Society and Technology (IST, Belgium), Catalan Foundation for Research and Innovation (FCRI), TA-SWISS – Centre for

Technology Assessment, Association Knowledge Economy Forum (KEF, Lithuania), Technology Centre ASCR (TC ASCR), University College Cork (National University of Ireland), Secretariat of the Hungarian Academy of Sciences (HAS-SEC), Université de Liège (SPIRAL).

Budget : 5.512.046€ (Budget ULg : 299.600€)

March 2011 – March 2014

Programme CAPES (Fundação Coordenação de Aperfeiçoamento de Pessoal de Nível Superior) –WBI (Wallonie-Bruxelles International)

Titre du projet : Les défis de gouvernance posés aux régimes modernes de science et d'innovation en Amérique latine et en Europe : les cas du Brésil et de la Belgique. *Direction de la recherche pour le SPIRAL.*

Partenaires : Université de Liège (SPIRAL), Universidade Federal de Santa Catarina (IRIS).

March 2010 – March 2012

Collaboration scientifique entre le Ministère Argentin de la Science et la Technologie (MINCyT) et la Communauté française de Belgique (FNRS)

Titre du projet : Social Assessment of New Technologies in the Argentinean Context. *Co-direction de la recherche pour le SPIRAL avec le Pr. Dr. Sébastien Brunet.*

Partenaires : Université de Liège (SPIRAL), Universidad de Quilmes (Centro de Estudios e Investigaciones)

Budget : 25.000€ (Budget ULg : 12.500€)

MAIN RESEARCH STAYS

1 November 2014 – 30 April 2015

King's College London, Department of Political Economy

Senior postdoctoral research stay under the supervision of Prof. Brian Salter.

9 November 2013 – 9 December 2013

Harvard University, United States — Science, Technology and Society Program

Postdoctoral research stay under the supervision of Prof. Sheila Jasanoff, with the support of the European Commission, COST Action (IS1001), « Bio-objects and their boundaries ».

20 November 2012 – 5 December 2012

15 December 2013 – 15 January 2014

Universidade Federal de Santa Catarina, Brésil – Instituto de Pesquisa em Riscos e Sustentabilidade

Postdoctoral research stays under the supervision of Pr. Julia Guivant in the framework of a bilateral research project between the Fonds National de la Recherche Scientifique (F.N.R.S.) and the Coordenação de Aperfeiçoamento de Pessoal de Nível Superior (CAPES). Project title: Governance challenges

to modern science and innovation regimes in Latin America and Europe : the Brazil and Belgium case studies.

12 March 2012 – 28 March 2012

Universidad de Quilmes (Buenos Aires), Argentina – Instituto Social sobre la Ciencia y la Tecnología

Postdoctoral research stay in the framework of a bilateral research project between the Science and Technology Ministry (MINCyT) and the Fonds National de la Recherche Scientifique (F.N.R.S.)

Project title: Social Assessment of New Technologies in the Argentinean Context.

18 October 2010 – 18 April 2011

Universidad de Quilmes (Buenos Aires), Argentina – Instituto Social sobre la Ciencia y la Tecnología

Postdoctoral research stay under the supervision of Pr. Dr. Fernando Tula Molina

1 February – 1 July 2009

University of Westminster, UK – Centre for the Study of Democracy

PhD research stay under the supervision of Pr. Dr. Simon Joss.

3 September – 20 December 2007

European Parliament

DG Internal Policies

Science and Economic Policies

Scientific and Technology Options Assessment (STOA)

PhD research stay under the supervision of Dr. Theodoros Karapiperis.

TEACHING

Science, Technology and Innovation Policies

Master students in Political Science, Sociology, Science and Technology Studies, University of Liège, Belgium

Invited lectures:

Invitation par le Prof. Saeed Parto, Séminaire interne du master en Science and Technology Studies — Module in science policymaking, Maastricht University (Maastricht, 17 février 2014)

Communication : Technology Assessment and Science, Technology and Innovation Policies as Dancing Partners

Invitation par le Prof. Sheila Jasanoff, Séminaire interne du Groupe de travail sur les Sciences de la vie, Harvard University Program on Science, Technology and Society (Boston, 5 décembre 2013)

Communication : The Coproduction of Genetically Modified Soy and Argentina

Invitation par la Classe Technologie et Société de l'Académie Royale de la Science, des Lettres et des Beaux-Arts de Belgique (Bruxelles, 5 octobre 2013)

Communication : (avec Claire Lobet-Maris, Membre de la Classe Technologie et Société) Regards croisés sur le Technology Assessment

Invitation par le Prof. Dr. Antonio Moniz, 3rd Winter School on Technology Assessment, Programme doctoral de l'Universidade Nova de Lisboa (Lisbonne, 10 décembre 2012)

Communication : New Insights into Parliamentary Technology Assessment Challenged by Reflexive Modernization

Invitation par la Prof. Dr. Julia Guivant, Universidade Federal de Santa Catarina, Instituto de Pesquisa em Riscos e Sustentabilidade (Florianópolis, 29 Novembre 2012)

Communication : A soja-ização da Argentina: dinâmica de um regime de privatização "globalizado" num contexto periférico

Invitation par Gianni Infanti, Président du Conseil de la Politique Scientifique, Conseil Economique et Social de Wallonie (Liège, 5 octobre 2012)

Communication (avec Benedikt Roskamp) : Pratiques du Technology Assessment en Europe et perspectives pour la Wallonie.

Red de Estudios Sociales de Ciencia y Tecnología (Spanish STS network) — Invitation par le Dr. Vincenzo Pavone (Gijón, 23-25 Mai 2012)

Communication (avec François Thoreau): Beyond the « Charmed Circle » of OECD : New Directions for Studies of National Innovation Systems.

Karlsruhe Institute of Technology, Institute for Technology Assessment and Systems Analysis (ITAS) Kolloquium — Invitation par le Dr. Linda Nierling (Karlsruhe, 14 Mai 2012)

Communication : Parliamentary Technology Assessment in the Age of Reflexive Modernization.

Course on Exploring the Science, Politics and Ethics of Nuclear Technology Assessment — Invitation par le Dr. Gaston Meeskens, SCK-CEN (Bruxelles, 21 février 2012)

Communication : Introduction to Science and Technology Studies.

Futures of Science and Technology in Society. Symposium in honour of Arie Rip — Invitation par le Prof. Stefan Kuhlmann, University of Twente, Department of Science, Technology and Policy Studies (Enschede, 16-17 Juin 2011).

Communication : Governance challenges to modern science and innovation regimes in Latin America and in Europe. An Argentinian case study.

Invitation par la Prof. Dr. Julia Guivant, Universidade Federal de Santa Catarina, Instituto de Pesquisa em Riscos e Sustentabilidade (Florianópolis, Brasil, 23 novembre 2010).

Communication : As experiências de consulta pública do Parlamento Europeu na avaliação de tecnologias, à luz da teoria da Modernização Reflexiva em ação.

Workshop « Keeping Pace with TA », Instituut Samenleving & Technologie (IST), Parlement flamand (Bruxelles, 26 février 2010) — Invitation du Dr Robby Berloznik (IST)

Communication : TA and changing societal circumstances: opportunities for and accommodation to the reflexivity pathway

Atelier sur le thème « Technologie de la société de l'observation : quels enjeux ? Quelle gouvernance ? » (Namur, 25-26 février 2010) — Invitation du Prof. Dr. Claire Lobet (Université de Namur)

Communication : (avec Sébastien Brunet, ULg) Gouvernance démocratique des sciences et des technologies: réflexions sur le Technology Assessment parlementaire en Europe

Invitation par le Prof. Dr. Simon Joss, University of Westminster, Centre for the Study of Democracy, séminaire interne (London, 19 mai 2009).

Communication : Parliamentary Technology Assessment Responding to Reflexive Modernization : a Comparative Analysis

Invitation conjointe par le Dr Luiz Sanz-Menendez et le Prof. Dr. Arie Rip, Consejo Superior de Investigaciones Cientificas (Madrid, 30 Avril 2009).

Communication : Sciences Institutions Responding to Reflexive Modernization

Invitation par le Prof. Dr. Arie Rip, Université de Twente, Séminaire interne, Department of Science, Technology and Policy Studies (Enschede, 10 décembre 2008).

Communication : Parliamentary TA Institutions as Indications of Reflexive Modernization

OTHER EXPERIENCES

25 June 2012 – 28 June 2012

Université de Liège — Organisation of the 1st European Summer School on Technology Assessment in the framework the « Parliaments and Civil Society in Technology Assessment » (PACITA) project.

Titre de la Summer School : *Renewable Energy Systems: Role and Use of Parliamentary Technology Assessment.*

2006-2009

Assistant – Université de Liège, Belgique

Course of Risk and Society, Prof. S. BRUNET.

Master students in Political Science

Août 2005-Décembre 2005

Governance internship au British Council, Brussels, Europe Unit

Organisation de la sixième Belgo-British Conference tenue à Londres du 20 au 22 octobre 2005.

GRANTS

2006-2010

Fondation Duesberg

Bourse de 10000€ pour effectuer un séjour de recherches postdoctorales en Argentine.

2006-2010

Université de Liège

Bourse de deux ans, renouvelable une fois, pour un mandat FNRS.

2008-2009

Fondation Rotary

Bourse de 5000€ pour effectuer un séjour de recherche au Royaume-Uni.

2008-2009

Fonds David Constant

Bourse de 10000€ pour effectuer un séjour de recherche au Royaume-Uni.
